

HEALTH, SAFETY & ENVIRONMENTAL PROTECTION STATEMENT AND GUIDING PRINCIPLES

GIBSON ENERGY*, at all staff levels, is committed to employing responsible management practices that will result in protecting the health, safety and environment of their employees, contractors, agents and the public. To fulfill this commitment, GIBSON will:

- Maintain compliance with all prevailing laws and regulatory and industry standards of health, safety and environmental protection.
- Require that all employees, contractors and agents working for Gibson perform their duties in accordance with company standards.
- Provide, on an on-going basis, sufficient resources to ensure that employees are fully informed of health, safety and environmental requirements.
- Develop, implement and maintain emergency response plans appropriate for our operations.
- Minimize the consequences of emergency events by ensuring prompt and effective response.
- Maintain regular health, safety and environmental monitoring and reporting practices.
- Be sensitive and responsive to public concerns regarding our business activities.
- Make health, safety and environmental considerations a priority in our planning and in our development of new procedures and processes.

A handwritten signature in blue ink, appearing to read "A. S. Hanlon", written over a horizontal line.

A. S. (Stew) Hanlon
